

Welcome to UMAC!

We are excited you have decided to join or renew your membership to UMAC. UMAC members share ideas, learn new technologies, model best practices, network with peers and more. Our goal is for our members to develop relationships and connections that strengthen ministry.

UMAC has value for all levels of communicators from every corner of our connection. For 2020, we have revised our membership levels to better serve our diverse membership and to add value for group entries and entries to our popular awards program.
